

AUTO GLYM™

Extra Gloss Protection

- Achieves the ultimate paintwork finish.
- A protective sealant containing a complex blend of hard resins and waxes.
- Treated surfaces are protected with an extra tough finish to keep paintwork looking brilliant for longer.
- Unlike a polish, it contains no cleaning or polishing agents and should only be used on clean, dry, blemish-free paintwork ideally pre-treated with Autoglym Super Resin Polish.
- Suitable for all types of automobile paintwork, including metallic, clearcoat and waterbased finishes.

Application Method:

- Wash and dry vehicle. (If necessary first use Autoglym Super Resin Polish to improve paintwork).
- Apply evenly over paintwork surface with an Autoglym Perfect Palm Applicator (avoid application to glass and unpainted plastic trim).
- Allow film to dry completely (30-60 minutes).
- Buff gently to a brilliant shine using a clean soft cotton cloth.
- If necessary re-polish deteriorated paintwork with Autoglym Super Resin Polish prior to retreatment.

“ A high gloss, extra tough protective sealant. A product for the perfectionist!

This product
contains user
friendly solvents

Apply Extra Gloss Protection to a Perfect Palm Applicator and spread over vehicle using light pressure.

Leave to dry thoroughly for as long as possible (two hours is ideal) to allow the resins to cure.

Buff to a deep shine with a clean, soft cloth remembering to turn it regularly to avoid build up. Avoid application to glass.
