

- Quick and easy to apply.
- No need to dry the car before application.
- Produces a brilliant shine with minimal time and effort.
- Includes Carnauba Wax for a more durable finish.
- Only one polish needed to dress all external surfaces.

Application Method:

- Wash vehicle with Autoglym Bodywork Shampoo Conditioner.
- Spray Aqua Wax sparingly on to bodywork, glass, exterior trim and bumpers.
- Select one blue microfibre cloth for application and use to spread Aqua Wax evenly over the applied surfaces.
- Once applied to the whole vehicle and all water has been removed, use the second blue microfibre to buff the finish to a high shine, starting with the windows.

The finish it left was nothing short of retina-burning.

A brilliant buy
