

AUTO GLYM™

Super Resin Polish

- Periodic polishing gently removes harmful surface contaminants and imparts a tough, glossy, protective barrier to preserve expensive paintwork from the harsh environment.
- Internationally acclaimed.
- Extremely easy to use.
- The ultimate combination cleaner, polish and sealant.
- Ideal for all types and colours of new or moderately deteriorated vehicle paintwork, including metallic, clearcoat and waterbased finishes.
- Exceptional cosmetic effect and excellent protection from common environmental hazards.

Application method:

- Pre-clean vehicle with Bodywork Shampoo Conditioner.
- Apply to a clean, cool, dry surface with a Perfect Palm Applicator.
- Use light, circular motions and finish in straight lines.
- Allow residue to dry before lightly buffing with a clean, cotton cloth.
- For extra paintwork protection apply High Definition Wax after use.

Available in:
325ml & 1L

PRODUCTS IN USE...

Usage data:

When applied with a Perfect Palm Applicator, you'll get up to 29 applications from 1L bottle*

*Figures based on using 34ml per application

Sustainability message

This product is packaged in a recyclable bottle and doesn't contain any solvents that are classified as dangerous to the environment

Apply Super Resin Polish to Perfect Palm Applicator, not directly to paintwork.

Spread the polish over the vehicle in a circular motion. Treat a small area at a time, finishing in straight lines before treating the next section.

Pay special attention to faded paint and plastic areas such as doors, mirrors and bumpers. Finally, allow polish to dry thoroughly before removing with a soft cloth.
